

# Musical Chairs

Musical Chairs is a fun game to play at home where all the family can get involved.

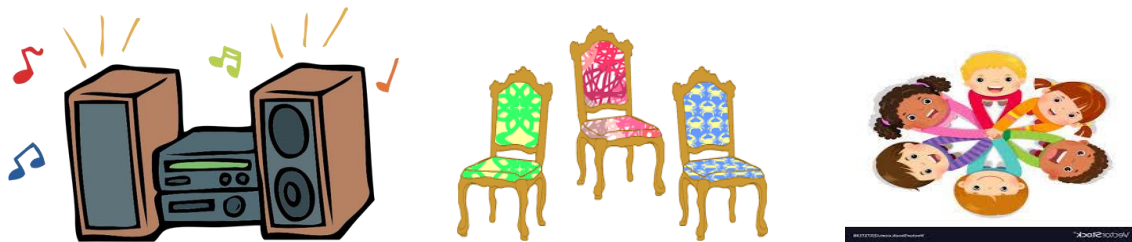

Make sure there are enough chairs for everyone to begin with to teach the game.

Play the music and encourage everyone to dance around the circle of chairs.

Get someone to pause the music and model for the children to find a seat and sit.

This may take a few times to practice before the children get the hang of it.

1) You will need music, chairs and people.

2) Turn on the music and walk/ dance around the chairs.

3) When the music stops find a chair to sit on.

4) Turn on the music and start dancing around the chairs again.
